

Marine Resources Division Summer Internship

Number of Positions: 5

Location: At the SCDNR Marine Resources Division campus in Charleston, South Carolina. Housing options will be available but are limited. No pets are allowed in housing areas.

Compensation: Interns will be paid \$12/hour and will work 40 hours/week. Employees will have access to a vehicle that will be used for work-related travel ONLY. A personal vehicle will be required for commuting and personal transportation.

Duration: 8 weeks, June 2-July 28, 2023.

Description: The South Carolina Department of Natural Resources (SCDNR) Marine Resources Division seeks outgoing, motivated individuals from the South Carolina Lowcountry to participate in a paid summer internship. SCDNR strives to build and sustain an inclusive environment where candidates from diverse backgrounds are encouraged to apply. These interns will be provided with hands on experience in communication, laboratory and field data collection practices, and environmental education. They will have the ability to work with marketing, biological research, event planning, and teaching.

Qualifications: Applicants must be at least 18 years old with no maximum age limit. Applicants should be interested in pursuing a career in coastal conservation or a closely related field. Applicants must be able to swim and be able to work outside in adverse outdoor environments (hot, muddy, buggy environments.) They will also need the ability to communicate clearly and effectively, and to work independently with little supervision.

To Apply: Fill out the digital application at the link below. **Application is due Feb. 28, 2023, at 11:59PM EST.** No late entries will be accepted.
