We welcome all property owners in the Edisto community and surrounding areas to a free seminar about the advantages of preserving your land for the future. Our speakers will cover the Top 10 Reasons to preserve your property and protect your land for future generations to enjoy and the financial incentives for granting a conservation easement or donating land. There will also be a panel of Edisto easement holders to answer your questions on how the process works from the landowners' perspective.

Now is the time to learn about the great tax benefits that end in 2009! ***Refreshments will be provided.***

When: February 19th from 5:00-6:30 pm

Where: Edisto Interpretive Center - Edisto Island
