ATLANTIC INTRACOASTAL WATERWAY SAFETY ZONE HORRY COUNTY, SC

The Captain of the Port Charleston (COTP) has established a temporary safety zone on all waters of the Atlantic Intracoastal Waterway (AICW) from mile marker 375 near Enterprise Landing to mile marker 366 near Fantasy Island Bridge. Entry of vessels or persons into this zone is prohibited unless vessels proceed at speeds that do not create a wake. State and Federal authorities have determined that wakes from vessels transiting the area create increased hazards associated with high waters present in the area.

This rule is effective from June 4, 2020, through June 30, 2020, or until waters recede and conditions allow for safe navigation, whichever occurs first. The duration of the safety zone is intended to protect personnel, vessels, and the marine environment while this area experiences high water conditions.
