NASP® TOURNAMENT SANCTIONED RULES & PROTOCOLS

The National Archery in the Schools Program (NASP®) National Rules are the governing rules for the Western and Eastern National and Championship tournaments. NASP® states within the United States and other NASP® countries have the freedom to manage their programs within these rules. Although the NASP® National Rules are the minimum guide for states and countries to follow when conducting NASP® tournaments, each state or country may add to or increase the NASP® rules to fit local requirements. Standard safety protocols and operating principals create a familiar field for NASP® students, so they are prepared and understand what is expected at each NASP® event.

NASP® relies heavily on Coordinators that manage the program within their respective jurisdictions and will continue to do so for determining eligibility of all schools within their jurisdictions under these rules.

New for 2024: Except for inconsequential language edits, rule changes are in **yellow** highlights and **South Carolina specific rules are in red.**

This document is the National Rules modified to be specific for the South Carolina Archery in the Schools Program. These rules apply to all South Carolina NASP tournaments, including all South Carolina Qualifiers and the South Carolina State Championship.

The National Archery in the Schools Program, All NASP® Sanctioned Events. Our staff and volunteers pledge to do our very best to provide a safe, enjoyable experience for all archers and guests. We have a zero-tolerance policy for any behavior that puts the archers, guests, staff, or volunteers at any risk. These include but are not limited to; verbal abuse of anyone, physical assault, threats of violence, or any inappropriate language or behavior. At minimum, anyone engaging in such behavior will be asked to leave the tournament venue and property.

Special Note Concerning Distance Learning: The school of *enrollment* determines a students' NASP® school. If schools are allowing students to participate in distance learning through on-line education to maintain their progress and grades, those students are still members of the school in which they are enrolled.

1. **NASP® Participation** - All State, Provincial, and National Tournaments/Championship.

*To maximize the number of students who will discover their aptitude and interest for archery, NASP® is an **in-school** program. NASP® emphasizes team participation to maximize the number of students who will participate and to promote positive social interaction among students and faculty.*

NASP® officials reserve the right to make on-site determination of any situation not covered by these rules. NASP® officials' decisions are final.

Definition of an active NASP® School: A NASP® school is one that teaches NASP® in school as a part of the normal school day and adheres to the training, equipment, safety requirements, and operating principles established by NASP®. *NASP® safety protocols must be followed by all NASP® schools and teams to preserve the experience for current and future students. **Only South Carolina residents with a valid South Carolina address may participate in the South Carolina Archery in the Schools Programs***

- 1.1.1. School lessons must be presented by NASP® certified faculty or volunteers.
- 1.1.2. At least one coach of the team must be NASP® certified.
- 1.1.3. Only NASP® certified teachers or coaches may register student archers for tournaments.
- 1.1.4. Equipment requirements and range protocols must be followed.
 - 1.1.4.1. Only the standard Genesis™ bow & Easton 1820 arrows may be used during NASP® class or on a NASP® range.
 - 1.1.4.2. NASP® range specifications and design must follow training provided in the NASP® Basic Archery Instructor's course.
 - 1.1.4.3. Failure to follow these protocols will make the school ineligible to participate in NASP® tournaments. Failure to follow safety protocols such as bows, arrows, and curtain use, may also result in de-certification of the NASP® certified teacher or coach.
- 1.2. **In School Requirement:** Every archer must attend an active NASP® school. A school that conducts NASP® lessons during normal school hours in accordance with the NASP® operating principles.
 - 1.2.1. The student's school of primary enrollment, where they receive the majority of their in-school educational lessons/hours, determines the student's "school". Students must be enrolled in an active NASP® school to participate in NASP®.
 - 1.2.2. NASP® lessons must be conducted as part of the in-school curriculum, a minimum of 10 hours per school, per year.
 - 1.2.3. In-school lessons are the priority in NASP®. Ideally these lessons should be thorough enough for the students to enjoy a safe and motivational experience.
 - 1.2.4. Classroom lessons must include at least the following subject material.
 - 1.2.3.1. Determining eye dominance.

- 1.2.3.2. Stringbow® used to teach Eleven Steps to Archery Success®
- 1.2.3.3. Safety Orientation and shooting of bows and arrows on a NASP® range.

1.2.5. Examples of how this might occur include:

- 1.2.5.1. At least 10, different archery classes of 1 hour each – daily for 2 weeks, twice weekly for 5 weeks, etc.
- 1.2.5.2. 5 classes per day of 1-hour each, for 2 different days.

1.2.6. When a school agrees to meet, meets, or exceeds this minimum each school year, even if not every student in the school takes the archery class, EVERY student in the school is considered eligible for NASP® tournaments. It is expected that even those who do not take the in-school instruction, will be provided safety and shooting form instruction if they join the FOLLOW-UP archery club or team before they attend a NASP® tournament.

1.2.7. Prior to participating in any NASP® competitions during a school year, the head coach for a school's team (or other coaches associated with the school for tournament purposes) will be required to log in to the School Manager for the school. This coach will be required to acknowledge that they understand the in-school teaching requirement and commit to making sure that the requirement is met.

1.2.8. After-school-only archery programs or clubs are ineligible.

Divisions within NASP® Schools: NASP® divisions are defined as.... Elementary School division, grades 4 and 5; Middle School division, grades 6, 7, and 8; High School division, grades 9, 10, 11, 12. **An archer is ineligible to compete for more than two years in the Elementary School Division, no more than three years in the Middle School Division and no more than four years in the High School Division.**

1.2.9. If schools have similar names but are at a separate address such as the 'North Middle School and North Elementary School' even if in the same district, they are separate schools and may not mingle shooters on teams.

1.2.9.1. Except: If elementary grades (4th & 5th) are not in the same school the schools where the two grades are found may combine students to form an elementary school team if both are NASP® schools. Example: this could be a school with K-4 and a school combining with a 5-8 or 5-12 school.

1.2.9.2. Except: If middle school grades (6-8) are not in the same school the schools where the three grades are found may combine students to form a middle school team if both are NASP® schools. Example: this could be a K-6 school combining with a 7-8 or 7-12 school.

1.2.9.3. Except: If high school grades (9-12) are not in the same school the schools where the four grades are found may combine students to form a high school team if both are NASP® schools. Example: this could be a school with 9-10 combining with an 11-12 school.

1.2.9.4. Where divisions are split between schools the enrollment numbers of both schools apply to eligibility of the small school rule.

1.2.9.5. When forming a competitive team for any NASP® division, schools must include grades of enrollment within the division they intend to compete in.

1.3. **Homeschool:** A student who is attending homeschool may participate.

1.4.1 If the homeschool has enrolled in NASP® and provides in-school NASP® archery lessons, by a NASP® certified instructor, and meets the requirements of section 1.1 and 1.2. above. **The standard operating principles outlined in sections 1.1. and 1.2. above are required of all schools to be an active NASP® program.**

1.4.2 If a homeschooled student receives in-school NASP® lessons by attending classes at a NASP® public or private school, in accordance with sections 1.1. and 1.2., that student must participate for the school where he/she receives in-school NASP® lessons.

1.4. **Eligible Grades:** Only students who are in grades 4-12 may participate.

1.4.1. A student at any NASP® school who has graduated early during the current school year may, at the discretion of the school Principal, participate.

1.4.2. A student who no longer attends **an active** NASP® school due to having moved, being promoted, etc. is ineligible to participate until/unless the student's new school joins NASP® and may then only represent their NEW school. **Except for situations described in 1.4.2.**

1.5. **Number of Archers Per Team:** NASP® archery teams must contain 12-24 students, at least 4 of which must be of the opposite gender.

1.6. **Single Gender School:** If a school is a single gender school, the school shall compete as a single-gender-only school unless eligible to combine with another school under the small school rule (section 1.8). The coach should contact the

State Coordinator (by January 01, 2025) for their state to set the single gender indicator for the school. Once set, the team score for the school/division is determined by summing the top 12 scores for the team with no consideration of gender.

Small School: If a competitive division within a NASP® school (Elementary 4th – 5th, Middle 6th – 8th or High 9th – 12th) has a total student enrollment of less than 150 students, the team for that division may add students from another competitive division within their school or from a competitive division at another NASP® participating school in the same city, or county, or school district. **A small school will be allowed to combine to create a SINGLE 12–24-person team. If a small school chooses to have a SINGLE combined team, you must let the State Coordinator know and provide a roster to the State Coordinator prior to the school's first team tournament. A letter or email from the principle or head administrator stating the school's intention and the reason for combining or shooting up should be submitted to the state coordinator by the school's first team tournament. Any team that combines and qualifies for the SC State Tournament will shoot on the first day of the tournament. If a home school qualifies as a Small School (less than 150 home school students for their division in their county) and chooses to combine to create a single team, all archers must be from the same county or an adjacent county. A roster must be provided to include grade and county of residence prior to the first tournament.**

- 1.6.1. A school can add students from another NASP® participating school only until the total student enrollment of the combined divisions reaches 150 students.
- 1.6.2. A competitive division within a school with 150 students (or more) enrolled may not add archers to their team from another school or division.
- 1.6.3. If a student shoots up for a higher division team (as allowed by 1.8. above), that student will be competing for team rank in that older division but retain individual rank according to the archer's actual grade.
- 1.6.4. Unless utilizing this "small school rule" or 1.4.2., students may only shoot on a team at the NASP® school they attend (are enrolled in).
- 1.6.5. A request to "shoot-up" must be submitted in advance to the state/provincial coordinator and must include school enrollment numbers by grade for all schools involved to be approved.
- 1.7. NASP® is a school program. If a school administration deems a student unsuited to represent the school, NASP® will abide by the decision.
- 1.8. If a student archer is disqualified for any reason at a provincial, state, or regional tournament, the student is ineligible to participate in any NASP® competition until such time the student has regained good standing in his or her state or province. The NASP® coordinator would alert the national office of such disqualification.
- 1.9. Any request to "shoot up" or combine with another school in accordance with Sections 1.7. or 1.8. must be done prior to a school's first team tournament of the year. Once registered in a tournament that status may not change for the duration of the season.

2. NASP® Eastern and Western National Tournaments and Championship Tournament Registration Protocols

 - 2.2.2. A qualified team (school/division) may register to participate in one but not both national tournaments.
 - 2.2.3. A qualified individual may register to participate in one but not both national tournaments.
 - 2.2.4. Individual scores from one national event cannot be added to team scores from another national event.
 - 2.2.5. Participation is not guaranteed in either event.
- 2.3. Substitutions are permitted for these events. Substitutes may be students that did not participate in the state (or national) tournament, but they must meet the criteria defined in section 1.

Along with JROTC teams, school teams will be an “A” and “B” team for example or Varsity and Junior Varsity. If a program plans to have multiple teams, a roster must be provided to the State Archery Coordinator prior to the first team tournament. Archers will be required to stay on their assigned team throughout the State Archery Tournament. Teams can combine for Nationals, the Open and Championship Tournaments as stated in this rule and rule 2.3.2

2.3.2. If a school sent multiple teams to the national tournament, they may recombine archers from these teams for the Championship tournament. **Not applicable to entire school districts/systems.**

A school may register as many teams as qualify at their state or provincial tournament IF the state or province in question allows multiple teams from the same school to participate. Archers affiliated with a team must be registered by the head coach or their designee from where they receive their in-school training for all South Carolina Tournaments. If the archery is not part of a team and is participating as an individual, the BAI where the archer receives their training must register the archer for any SC tournament.

2.4. NASP® teams and individual archers may only participate in a NASP® state tournament in the state where their school is located.

2.5. The NASP® Championship Tournament

2.5.1. Details and information concerning the Championship will be provided later.

3. Equipment - Only equipment specified and approved for use in NASP® may be used in tournaments.

 - 4.2.4. 3 whistles to 'go get arrows.'
- 4.3. **Arrow Handling and Movement About the Range:** NASP® safety rules must be followed.
 - 4.3.1. Archers must walk when moving about the range.
 - 4.3.2. Archers must have one foot on each side of the shooting line with 'bows on toes' before shooting begins.
 - 4.3.3. While shooting, the archer must straddle the shooting line with the non-target foot behind the back edge of the shooting line. NO PART of the shooting line will be covered by the archer's foot.
 - 4.3.4. Shooter and quiver must remain in each archer's half of the assigned lane when on the shooting line. No part of the archers' body or the quiver may cover, or be past, their lane marks.
 - 4.3.4.1. Crowding across the middle of the lane, or into an adjacent lane, is unsportsmanlike conduct.
 - 4.3.4.2. Crowding is defined as any part of the archer's body or equipment extending past the 30-inch area assigned to the archer.

Archers must remain entirely within their half of the lane.

- 4.3.4.3. The tournament provided arrow quiver must be centered on the shooting line in front of the archer and within 30-inch area assigned to the archer.

4.3.5. While both archers may approach the target when scoring, only one archer may remain at the targets when arrows are pulled. The other archer must be safely behind the target line waiting their turn to pull arrows.

**When pulling arrows,
only one archer may be
forward of the Target
Line. All archers must
remain standing.**

4.3.6. Archers must remain on their feet (standing or squatting) and off their knees when scoring and pulling arrows.

4.3.7. If after arrows are pulled the target needs straightened, it is the archer's responsibility to do so while at the target. Once archers leave the target, they are not permitted down range until after the following end.

4.3.8. Arrow points must be covered with one hand and shafts grasped below the vanes with the other hand when walking with arrows.

4.4. Order of Shooting:

4.4.1. The archer must nock, pre-draw, draw and aim in a manner that keeps the arrow pointed safely towards the target throughout the process. (Below the top of the backstop curtain, and away from the floor).

4.4.2. Archers must raise the bow from their toe and keep the bow vertical while nocking.

4.4.3. Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 10 meters.

4.4.4. Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 15 meters.

4.4.5. Archers will have 2 minutes to shoot each 5-arrow end.

4.4.6. Dropped arrows will be left on the floor and replaced by a range official.

4.4.7. An arrow that bounces out or fails to stick in the scoring area of the target face may be shot again as instructed by range officials. Except for practice ends.

4.4.8. Replacement arrows will only be provided for bounce outs on scoring ends. Practice bounce outs will remain as shot.

4.4.9. An arrow that crosses the target line is considered a shot arrow.

4.4.10. If the archer's draw weight and draw length are not sufficient to perform on par with other archers in the tournament, the archer may be removed. Shot arrows that fail to reach or stick in the target butts are symptomatic of insufficient performance.

4.4.11. After shooting the last arrow, the archer must immediately leave the shooting line, rack the bow, and return behind the waiting line. This is NASP®-specific range management protocol.

4.4.12. If an archer fails to shoot all 5 arrows, and returns behind the waiting line, the remaining arrows will be scored as zeros.

4.4.13. Lost vane, arrow rest damage or failure, broken nock - if any occur during the release of an arrow and that arrow makes it to the target line and doesn't bounce off the target, it is a shot arrow.

4.5. Coaching:

- 4.5.1. A team is limited to 3 coaches in Coaches Alley during the flight. Individual groups may have 1 coach in Coaches Alley.
 - 4.5.1.1. Any coach in Coaches Alley must have a coach's wrist band or tournament credentials identifying them as the appropriate NASP® coach.
 - 4.5.1.2. At least one coach must be immediately available and located with his or her team lanes while the team is shooting in case they are needed. Coaches must display positive sportsmanship while in this alley.
- 4.5.2. Coaches of special needs archers may be allowed (with prior approval of range officials) to stand with the archer on the shooting line. However, they must do so safely and without distracting the other archers.
- 4.5.3. Coaches must withhold coaching and communication with their archer while the archer is on the shooting line. Such communication may only take place when the archer is up range of the waiting line.

5. Scoring:

- 5.1. Only archers and tournament officials will be allowed downrange of the waiting line.
- 5.2. All arrows should be scored before any arrow or the target's face is touched.
 - 5.2.1. Moving the target face to affect an arrow's score is a violation of 5.2.
 - 5.2.2. Moving or pushing an arrow into the target face to affect an arrow's score violates 5.2.
- 5.3. Beginning in the center of the target, scoring rings are 10, 9, 8, 7, 6, 5, 4, 3, 2, & 1.
 - 5.3.1. An arrow **shaft** touching a scoring ring line is awarded the higher point value. In the picture below the gold arrow is scored a 10 because the shaft touches the line. The black arrow is a 9 because the shaft does not touch the scoring line, only the hole made by the shaft touches.

**The blue shaft is a "9".
The gold shaft is a "10".**

- 5.3.2. An arrow outside all scoring rings is awarded '0' points.
- 5.3.3. If the target face has been shot enough that the scoring ring cannot be determined, even by the lane official, the target face should be changed.

**This target face should be
changed.**

- 5.3.4. The 'X' ring in the center of the 10 is simply scored as a 10.
- 5.3.5. An arrow that 'robin-hoods' (sticks in the back of another arrow shaft) receives the value of the arrow in the target.
- 5.3.6. An arrow that sticks in the vane of another arrow will be treated as a bounce out. The archer will be permitted to make that arrow up in the next end or before concluding the final end.

- 5.3.7. An arrow that deflects off another arrow and sticks in the target is scored where it sticks.
 - 5.3.8. An arrow that deflects off another arrow and fails to stick in the target is treated as a bounce out.
 - 5.3.9. An arrow that skips off the floor and imbeds in the target is scored where it sticks.
 - 5.3.10. An arrow that skips off the floor and bounces off the target is treated as a bounce out.
 - 5.3.11. An arrow that sticks in the target, but falls completely out as shooting continues, is treated as a bounce-out and a replacement arrow may be shot.
 - 5.4. Scannable (bubble-type) scorecards will be used. Archers should practice with this type of scorecard before coming to the tournament. [CLICK HERE](#) for a practice scorecard.
 - 5.5. Both archers' scorecards will be on the same score board.
 - 5.5.1.1. The score board will be placed on the target line, anywhere within the archers' lane.
 - 5.6. Both archers will walk to the target in their lane to record arrow scores.
 - 5.6.1. One or both archers may approach the target face to score arrows.
 - 5.6.2. **OFFICIAL SCORING PROTOCOL:** One archer will CALL and BUBBLE the other archer's arrows.
 - 5.6.2.1. The scorecard has a "Checkbox" to the right of each 5-arrow end.
 - 5.6.2.1.1. The archer should check this box indicating he or she has examined each 5-arrow end to make sure the score has been correctly entered.
 - 5.6.2.1.2. Also check to assure that ALL ARROW VALUES are bubbled.
 - 5.6.3. Then the archers will reverse roles.
 - 5.6.4. If archers cannot agree on an arrow's score, a range official must be asked for the final decision.
 - 5.6.5. Only range officials may have erasers on the range. If the archer needs a score erased, the official will perform the task. The lane official may document such action on the back of the scorecard.
 - 5.6.6. After both archers are satisfied that arrow values have been accurately recorded, scores are considered final.
 - 5.6.7. Once scores are final arrows may be pulled in accordance with rule 4.3.6.
 - 5.6.8. At the conclusion of the flight both archers must sign the scorecard.
 - 5.6.8.1. If an archer fails to sign his/her scorecard, the scorecard will be considered approved and final.
 - 5.6.8.2. The archer represented by the unsigned scorecard will not be disqualified for neglecting to sign.
 - 5.6.8.3. In instances where only one archer is in a lane, the lane official or an adjacent lane archer may assist with scoring. Archers are not permitted to score their own arrows.
 - 5.7. Scorecard deficiencies that may be found in the scoring room:
 - 5.7.1. Scorecard has more than one value on a scoring line. The higher value will be erased.
 - 5.7.2. Scorecard has more than one value on a scoring line but there is a blank line among the 5 scoring lines. One of the double values will be moved to the blank line.
 - 5.7.3. If a scoring line is blank. Except in 5.7.2 above, the blank line will be scored zero.
 - 5.8. An archer's score may only be counted for a single team. The score will also be used to determine the archer's individual placement.
- Range officials will gather signed scorecards after each flight at the target. **At the South Carolina State Archery Tournament archers will reface their bullseye target after turning in their score card.**
- 5.9. Disqualification may occur if an archer takes the scorecard up-range of the 10-meter shooting line or to the coach or other unofficial person(s).
 - 5.10. If an archer observes another recording a false score, a range official **must** be alerted.
 - 5.11. Summation of the team's highest 12 individual scores, with at least 4 of both genders, will comprise the team score. For single gender schools, all 12 individual scores will be from a single gender.
